BAYANIHAN

"Bayanihan" literally means, "being a bayan (village), " and is thus used to refer to a spirit of communal unity and cooperation.

Our Youth leads the way

"The youth is the hope of our future." - Dr. Jose Rizal"

As envisioned by the concept of Bayanihan Circles and consistent with Dr. Jose Rizal's faith in the sensibilities of the youth, young Filipino Americans are stepping up and accepting the invitation to give back to their community.

The Bayanihan Circles concept is anchored in the Filipino shared values of (ABKD) Aksyon (Action), Bayanihan (People working together), Kapitbahayan (Neighborly concerns) and Damayan (Mutual aid). Hence, the authorship of different Circles will showcase the continuing best practices of volunteerism by Filipino Americans.

In this issue, we feature Paula Lindsey Alcaraz of the Communications Circle (CC). Her Circle is in charged of engaging FACGC's constituencies from stakeholders/donors to service recipients via media relations, press statements/conferences, newsletters, historical documentation, social media exposures, and other evolving communication platforms.

Less language assistance on **Election** Day

Chicago voters who need language support at the polls will experience a reduction of such service on the Nov. 8 Election Day. The number of polling places providing bilingual ballots and election judges have been drastically reduced due to the state-mandated precinct consolidation and carried out by the Chicago Board of Elections.

Ryan Viloria, Executive Director of the Alliance of Filipinos for Immigrant Rights and Empowerment (<u>AFIRE</u>), expressed that language access is more than a poll worker "simply pointing at the screen and hoping that you get the equivalent phrase" in another language; it empowers voters. **Apply at:** cookcountyclerk.com/work Bilingual judges always needed!
